he case taken. The Banker's offer is typically a percentage of

the average of the values still in play at the end of each round. This percentage

is small in the early rounds, but increases as the game continues and can even

exceed 100% in very late rounds.

divspanOne basic strategy is for a contestant to act so as to

maximize the expected value of his prize.

At each point in the game where the banker makes an offer, the contestant can maximize his expected value

by choosing the offer if it is greater than the average value of the unopened cases and declining it when it is less.
