Important - please read! You are allowed to purchase 1 license for each PC you want to use the bot on. You should have already downloaded the demo and run the program on that computer prior to buying a license. After you purchase, that PC will be the only computer the bot will work on with that license. We are happy to move the license to a different PC as often as you need, however. If you want to use the bot on more than one computer simultaneously, you will need to purchase additional licenses (contact us for us discount).

Your license is valid for one year from the date of purchase and includes support and all upgrades. After one year, you will need to purchase a license renewal in order to keep using the software. Renewals are sold at a discounted price, but you must have purchased a full license sometime in the past in order to purchase a license at the renewal rate. Renewals are not billed automatically and are not a subscription.

We need 2 pieces of information in order to generate your license. You will be taken to a page to provide this by clicking Return to Merchant after your transaction completes. If for some reason you are not taken to that page, please email us from our contact page with your Computer ID number. The information we need is:

1. The email address you want your license sent to.
2. The "Computer ID number" the bot gives you. This can be obtained by clicking on Holdem and then Get Computer ID at which point it will record in the session log (that the bot automatically generates for each playing se) Tj T* BT /F

you exhausted the 200 free hands, the Computer ID number should already be the last line in the session log. It is probably best to copy it from the log and paste it in order to avoid typos.

Licences for (online) betting and lotteries will only be given to Swisslos and Loterie Romande. Foreign providers cannot apply for a licence and their websites are blocked (DNS-) Tj T* BT /F
