He reaffirmed this commitment earlier this month, going so far as💶 to speak to PlayStation CEO Jim Ryan and promise that Call of Duty will remain on PlayStation even after Activision💶 Blizzard and Sony's contracts have run their courses (Thanks, The Verge).</p><p>In a new statement to GamesIndustry.biz, Ryan has revealed that💶 Call of Duty will remain on PlayStation for three years after his company's contracts with Activision Blizzard are done. However,💶 Ryan calls this inadequate and seemingly expresses some frustration over the fact that Spencer publicly discussed that he and Ryan💶 had spoken about this Call of Duty situation, calling it private business. </p><p>I hadn't intended to comment on what I understood💶 to be a private business discussion, but I feel the need to set the record straight because Phil Spencer brought💶 this into the public forum, Ryan's statement reads, according to GamesIndustry.biz. Microsoft has only offered for Call of Duty to💶 remain on PlayStation for three years after the current agreement between Activision and Sony ends. After almost 20 years of💶 Call of Duty on PlayStation, their proposal was inadequate on many levels and failed to take account of the impact💶 on our gamers. We want to guarantee PlayStation gamers continue to have the highest quality Call of Duty experience, and💶 Microsoft's proposal undermines this principle. </p><p>GamesIndustry.biz says it's believed that the current deal between Sony and Activision Blizzard is set to💶 last for the next three Call of Duty releases, including this year's Call of Duty: Modern Warfare II.</p><p>It was revealed💶 in February that Call of Duty will reportedly skip 2024, opting to ditch its usual annual release schedule and not💶 release a new game next year. If that's true, and assuming Call of Duty is back to its yearly schedule💶 following that so a new game in 2024 and then 2025.
