Modern Warfare 2 is the related title that offers up more multiplayer modes than before as well as a somewhat varied campaign Mode. PS5, Xbox One, PlayStation Series X. and PC (via Steam And Battle). Is Modern Warfare 2 cross-platform? | Digital Trends

Modern Warfare 2 is a first-person shooter game developed by Infinity Ward and published by Activision. It is the second game in the Modern Warfare sub-series, following Modern Warfare (2007). The game is available on PlayStation 5, Xbox One, PlayStation Series X, and PC (via Steam and Battle.net). It features a single-player campaign, a split-screen local multiplayer mode, and a cross-platform online multiplayer mode.

The game's campaign is set in a fictional world where a global conflict has broken out. The player takes on the role of a member of the Special Operations Group (S.O.G.), a special forces unit. The campaign is divided into several missions, each with its own objectives and storylines. The game also features a variety of multiplayer modes, including Team Deathmatch, Domination, and Search and Destroy. It includes a robust progression system with unlockable weapons, attachments, and operator skins.

Modern Warfare 2 has received mixed reviews from critics and players alike. While some praise its graphics, sound design, and multiplayer gameplay, others criticize its campaign for being repetitive and lacking in depth. Despite the mixed reception, the game has achieved commercial success, becoming one of the best-selling titles of the year.

Modern Warfare 2 is available on the following platforms:

- PlayStation 5
- Xbox One
- PlayStation Series X
- PC (via Steam and Battle.net)
