

O O bet365

I used to rule the world
Seas would rise when I gave the word
Now in the morning I sleep alone
Sweep the streets I used to own
I used to roll the dice
Feel the fear in my enemy's eyes
Listened as the crowd would sing
Now the old king is dead
Long live the king!
One minute I held the key
Next the walls were closed on me
And I discovered that my castles stand
Upon pillars of salt and pillars of sand
I hear Jerusalem bells are ringing
Roman candles burn
And the English whistles blow
As they take the sun
Solar flares, on the other hand, directly affect the ionosphere and radio communications at the Earth, and also release energetic particles into space. Therefore, to understand and predict space weather; and the effect of solar activity on the Earth, an understanding of both CMEs and flares is required.
