The First World War tank developed from

the interest of some military officers in the marriage of tractors with caterpi

llar tracks as a means of crossing trench obstacles and breaking through barbed

wire.

The idea was to create a he

avily armored vehicle capable of crossing trenches and withstanding enemy fire w

hile providing offensive firepower.

The first tank, known as "Little Willie," was built in 1915, and it laid the foundation for the devel

opment of modern tank warfare.
