Jumping Shell is a thinking game where you control a character who can nest itself in and out of layers of shells. You can strip yourself off of your own shells and resist the pressure of the layers you have built up. This is a game of strategy and tactics. You can win by being the last one standing or by being the first one to strip yourself off of all your shells. The game is played on a board with a grid of shells. You start with one shell and you can build up to a maximum of 10 shells. The goal is to be the last one standing or to be the first one to strip yourself off of all your shells.
