Tambm soganharia like to know what the best st

ategy is for winning in 6+ Hold'em. Are there any specific tips

or tricks that can give me the upper hand in this game?

Obrigado! Me Segue as regras de Short Deck Hold'em, mas

com algumas condi;es especficas para when playing at home:

p

1. Antes Lojas: Many homes are playing without antes, but it's

exciting to have them to create more action and better gameplay for every

one. have the antes would greatly to create better and fair gameplay

for everyone.

2. number of players: While usual Short Deck Hold'em Tables come wi

th only 6 seats, you can simply play with fewer people or more, chang

ing the design and rotation of the deal and overall dynamic. If you d

eal and separate cards manually, you miss action jettention to deal the boards f

aster, and each plaplayer takes all of their hands within a rotating

point system. (4 streets/rounds). When the board is set for a round, all

5; players remain remaining the m their hand and bet.

3. After community cards are dealt, the last card is revealed and

185; from dealer button puts in big blind. Once only family is smaller, someone

may say "blind on" when raising, effectively increasing bi

g blind and one level from the button. This brings many changes to the usual dyn

amics or raising blind play when playing at such anadjust level while

keeping any chips inside Level.
